The citizens of Springfield and of Washington county and particularly the tobacco growers of the county are to be congratulated upon the developments which assure the establishment at this place of a loose leaf tobacco market. Such an enterprise is of benefit to many and various interests. First and foremost it will benefit the tobacco growers, by affording them a good and convenient market for their product. It will benefit the farming community in general, inasmuch as it puts money in the hands of the farmer from his tobacco crop which he may invest in live stock, trading or in the improvement of his farm. The presence of any large manufacturing concern is a very desirable adjunct to any town. This warehouse will benefit the town in many ways. It will give employment to a large number of workmen who will live in the town and the addition of every good citizen is an aid to a town. It is expected that the tobacco market at this place will draw tobacco from a large tobacco growing territory surrounding this place, for the reason that it is a central and accessible point and will offer as good a market as Louisville or any other place. These tobacco growers who sell their crops here and receive the money therefor will doubtless patronize our local merchants and our banks before returning and money will then be kept in circulation. Another and very happy result of their movement has been brought about and that is, it has served to wipe out all bad feeling and factional spirit which may have been engendered by the so-called "tobacco war," which has had disastrous results in other parts of the State. There is no longer any such feeling in this county. "Party lines" as it were have been wiped out. There are no poolers, no anti-poolers, no Equity, no non-Equity. Everything is harmonious and everybody is pulling for the tobacco grower to get as big a price for his tobacco as he possibly can.

Rains have practically broken the most severe drought in the history of the country within the last forty-eight hours. The drought was general; so has been the rainfall. One of the most unprecedented drops in temperature has followed the rain.

Judge Taft made sixteen speeches Monday, closing his day's campaigning at Fargo, S. D., where he met with the largest crowd he has addressed since he began his itinerary. A feature of the meeting in that city was a harbinger.

The lives of nearly 100 miners in the line of the Union Pacific Coal Company at Winter Quarters, Utah, were endangered by fire that destroyed the power house. The loss is estimated at about \$50,000.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, invisible, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and on to the kidneys. When these "inside nerves" fail, then the organs must suffer. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by Red Cross Drug Store.

Good Man Gone

As the clock struck out the noon hour, on the 26 of Sept., 1908, Mr. Geo. W. Sparrow, of near Jensonston passed away. His death was due to heart trouble, from which he had been a great sufferer for a month. The funeral services were held at the Bethlehem church and conducted by Rev. R. L. Pardon, who preached to a crowded house from 2 Cor. 5:11, "For we know if our earthly house of this tabernacle were dissolved, and when the body was laid to rest in that cemetery." The deceased was born Aug. 11, 1845 and was married to Miss Martha Inman Dec. 5, 1867, eleven children were born to this union, five are still living. On the 10th of April 1907 death took from him his companion, from this stroke he seemed to never fully recover.

The subject of this sketch was converted under the preaching of Rev. N. J. Daugherty, pastor of Deoch Grove Baptist church, who baptized him into her fellowship—Dec. 20, 1875, where he lived a consistent member all these years. He was a good man and neighbor, had strong convictions and the courage to stand by them, and at one time was co-sister of his Pottsville district. In his earlier life he would come over and spend a night or day with us where around the fire side as well as at church and other places we had many pleasant conversations and in him we always felt we had a warm friend, and we feel his friendship was returned.

So Bro. George as we laid your body away the other day in that cemetery we bid you good by but not forever, for one day we expect to meet you with our loved ones on Yon Bright Shore.

To the sorrowing ones who are left behind, we would extend our love and sympathy, and say: "Look up and press on." A Friend.

A distressing accident occurred
on Tuesday afternoon near
Sutherland's Mill on Chaplin
river, by which Rev. Francis M.
Hill and his bride of a few days
lost their lives by drowning.

The only eye witness to the
tragedy was Mrs. D. B. Suther-
land and she was only attracted
to the scene by the cries of help
of the unfortunate victims after
they were struggling in the
water. When Mrs. Sutherland
appeared on the bank of the
river, Mrs. Hill had sunk and
Mr. Hill was making a last vain
struggle for life. Both bodies
soon disappeared from view and
it was two or three hours before
they were brought to the surface.
The horse was also drowned.

The scene of the fatal accident
is a small but deep hole of water
in Chaplin river just above the
bridge on the Williamsburg and
Chaplin turnpike. It is a favor-
ite place for travellers to water
their horses, but to one unac-
quainted with the surrounding
a very treacherous place. No
one saw Mr. and Mrs. Hill when
they drove into the river but it
is supposed that their horse be-
came unruly and turned the
wrong way as Mr. Hill was
known to be familiar with the
place, having been born and
reared in the Chaplin neighbor-
hood.

Rev. Hill was a man who stood
high in the councils of the
Methodist Church of Kentucky
and was a minister of marked

ability. He held the position of
Missionary Secretary of the
M. E. Conference and had been
engaged in evangelical work be-
sides having important charges
at various times. He was born
and reared near Chaplin where
his father and mother still live.
His first wife was a daughter of
Rev. W. B. Godfrey of Perry-
ville and to that union there are
four children. On last Thursday
the 24th inst., Rev. Hill was
married to the wife who shared
with him the watery grave. She
was Miss Margaret Bellwood,
a daughter of Mr. U. G. Bellwood
of Shelby county. The marriage
took place at the Gault House in
Louisville. Rev. Hill was well
and favorably known throughout
Washington and surrounding
counties. He was a man who had
risen from obscurity through his
own efforts to prominence in
church work. He had travelled
extensively, having visited the
Holy Land and other parts of
Europe and was a writer of some
note. The news of the death of
Rev. Hill and his wife in such a
tragic manner was a sad shock
to many friends. The funeral
services were held at Chaplin
on yesterday morning.

The marriage will be solemn-
ized Saturday, October 24th, at
9 o'clock by Rev. P. P. Hennessey
with High Nuptial Mass, at St.
Dominic's church. The bride,
eleven is the second eldest
daughter of Mr. and Mrs. G. E.
"elder" and is a popular member
of Springfield society.

Death of Mrs. Young.
Mrs. Estella Young, wife of
Mr. Lorenzo Young, died at her
home four miles out on the
Bardstown pike Monday, after a
long illness of Bright's disease.
The deceased was a daughter of
Mr. Robert Craycroft of Mead
county and had been married
about three years. She was
about 35 years of age and leaves
besides her husband, a little
daughter about two years of age.
She was a woman of kindly dis-
position and was a favorite with
all who knew her. The funeral
was conducted at St. Dominic
yesterday. Interment at St.
Rose.

roth yesterday.

Mr. John H. Bell, of Shep-
herdsville, is visiting his sister,

day.

Gibbs last Sunday.
